Dear Cove at Yarmouth Owners and Families,

Your Board of Trustees are always looking for ways to improve your ownership, both now and in the future. Understand that through the years we've always had your bests interests in mind. As Trustees we are also responsible for the financial wellbeing of the resort and the delicate balancing act of keeping operating costs in line with your vacation expectations. To do so we need to continue to expand our owner base and introduce the joys and benefits of The Cove at Yarmouth ownership to the next generation.

We have recently partnered with Pinnacle Lifestyle Solutions (PLS), a new consortium of industry professionals, whose specialty and sole focus is the improvement of legacy resorts like ours. You will be learning more about them in the months and years to come, but we have vetted their product and feel that it is the most attractive way on the market today to attract new owners to our family and maintain long term resort financial health.

As we endorse and support their efforts, we also strongly urge all Cove at Yarmouth owners to take an opportunity to learn more about what their product can do for you, our existing Cove at Yarmouth owners and your family. We know you will be pleasantly surprised with their relaxed, modern-day approach.

As always, see you at The Cove.
